Each book will be numbered and students may bid by writing on a piece of paper their name, the number of the book, the amount of their bid and the date of their bid.

At the end of the week a list will be posted with the name and the amount bid of the highest bidder on each book in the sale.

The high bidders may pay for their books in the library.

Miss Ellen Lord, the University librarian, said, "The purpose of the duplicate book sale is to encourage students to own and like books. In the last two years great interest has been shown in the sale."

Political Squelch Rumor Not True

A rumor floating around the campus this week to the effect that the University was barring speeches by political candidates has been squelched.

A spokesman for President Milo Bail said she checked the rumor and it is "not true."

Political candidates may speak at Omaha U if they go through "normal channels." The spokesman said, "there has been no change in the rules."

Those persons wanting to bring their cause to the University usually do so under the auspices of either the Young Democrats or Young Republicans.

OU Regents Name Payne First 'Distinguished Prof'

Dr. Wilfred Payne, humanities department head, was named Regents Distinguished Professor at a "President's Coffee Hour" Tuesday.

F. E. Borchers, head of the Board of Regents, made the presentation after President Milo Bail introduced Dr. Payne by reading a GATEWAY story of two weeks ago about Dr. Payne's accomplishments.

The presentation does not set a precedent, but similar presentations will be made periodically.

After the presentation, members of the faculty, including one former student, gave individual statements attesting to Dr.

Payne's success both in achieving popularity with students, and as an instructor.

Through Dr. Payne's efforts, the humanities department was organized at Omaha University in 1931. He teaches logic, history of ancient, medieval and contemporary philosophy, philosophy of science, and utopia. In addition, he initiated KMTV's "TV Classroom."

He is a member of the American Philosophical Association and is listed in "Who's Who in Nebraska," "Who's Who in Philosophy," "Who's Who in American Education," "Leaders in American Education," and "Directory of American Scholars."

Board of Regent Policy Not Working Yet; Parking Facilities Not Self-Supporting

Ernie Gruber

For the period ended, February 28, 1962, parking lot operations subsidized OU a deficit of \$88,654.02. Because this is a municipal university and because all students do not drive, the student body can't be taxed, nor can any part of their tuition be used for parking facilities on campus.

To comply with the Board of Regents' policy that all parking facilities should be self-supporting, parking meters and traffic fines were to be the main source of income. At present there are 1,718 parking spaces on campus but only 639 are metered. Since October 1, 1955, when the meters were installed, \$147,729.23 has been collected from them. There are four full time policemen writing approximately 9,000 parking tickets each year. Since 1955, \$33,930.80 has been collected for traffic fines. Total capital out-

lay since October 1, 1955, which includes the cost of meters, coin processing machines, construction of new facilities, lot lighting, maintenance equipment, and signs, amounts to \$181,462.86.

Expenditures High

Since October 1, 1955, parking lot operating expenses—which include salaries of clerks, maintenance man, two policemen and other maintenance items such as printing (tickets and regulations), repairs to facilities, snow removal and other miscellaneous expenses—total \$88,851.35.

Parking meter income (since October 1, 1955) of \$147,729.23 and traffic fines of \$33,930.80 gives a total sum collected of \$181,660.19.

Capital outlay of \$181,462.86 plus operating expenses of \$88,851.35 gives a total sum of expenditures of \$270,314.21. From this sum of expenses subtract the total income of \$181,462.19, leaving a deficit of \$88,654.02.

Now that the lots are built and equipped with meters, the deficit should go down because the total income is more than the total expenditures. Taking a look at the parking lot operations for the month of February 1962 only, we will find that the future may look brighter.

Deficit to Diminish

Income for February 1962: traffic fines \$596.00, meter collections \$2,137.70, total income \$2,733.70.

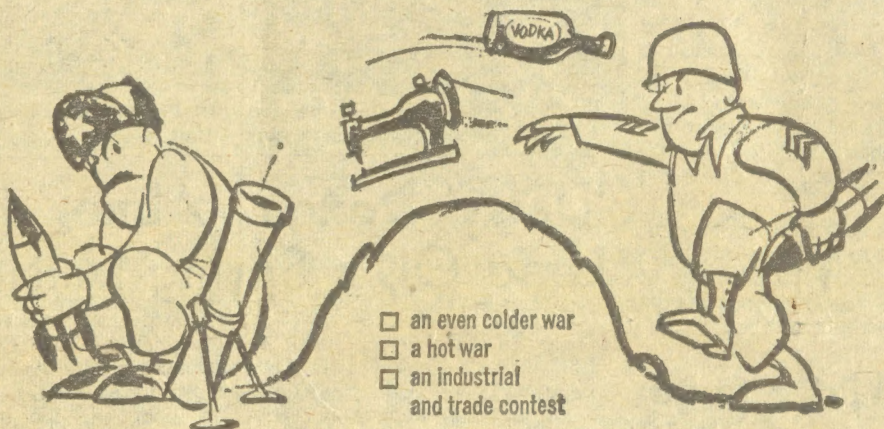

Expenditures for February 1962: operating expenses \$1,794.20, capital outlay \$38.61, total expenditures \$1,832.81.

Total expenditures of \$183.81 subtracted from total income of \$2,733.70 gives an excess of \$800.89 of income over expenses for the month.

The administration in charge of parking operations hopefully anticipate the elimination of the \$88,654.02 deficit within the next eight to 10 years.

Gust, Wakefield Play in Symphony; Soon to End Season Participation

Two Omaha University students will participate in their last Omaha Symphony Concert of the year on Monday night.

Bill Gust, senior, is an orchestra violinist. In May of 1961, he won the Omaha Youth Symphony Entry Award. This award admitted Bill to the Orchestra and also paid his union fees.

Bill is presently Concertmaster of the OU orchestra and is working in "Li'l Abner's" pit orchestra. He is also in the Men's Club and Inter-pep and a member of Sigma Phi Epsilon. Willie "Willie" Wakefield, freshman, is in the Symphony's percussion section. Bill has been

pounding the drums for 12 years, the last 1½ years with the Orchestra.

Willie earned his place in the Orchestra by trying out for the position. On weekends, he "marks time" in a combo.

EDUCATIONAL TV: ITS CAUSE AND CURE

A great deal of nonsense has been written about educational television. Following is my contribution:

It has been said that television allots no desirable viewing hours to educational and intellectual programs. This is simply not so. For instance, you can see "The Kant and Hegel Hour" every day at 4 a.m. This excellent show is followed at 5 a.m. by "Kierkegaard Can Be Fun." For such lazy scamps as lie abed beyond that hour, there is a splendid program on Sunday mornings at 7:15 called "Birds of Minnesota, Except Duluth."

So much for the myth that TV gives no prime time to educational programs. Now let us deflate another canard: that TV is not eager to inject intellectual content in all its programs.

If you have sat, as I have sat, with a television planning board, you would know that the opposite is true. I was privileged recently to witness a meeting of two of TV's topmost program developers—both named Binkie Tattersall.

"Binkie," said Binkie to Binkie, "if there is one thing I am bound and determined, it's that we're going to have intellectual content in next season's programs."

"Right!" replied Binkie. "So let us put on our thinking caps and go to work."

"I forgot my thinking cap in Westport," said Binkie, "but I have a better notion: let us light a Marlboro."

"But of course!" cried Binkie. "Because the best way to think is to settle back and get comfortable, and what is the cigarette that lets you settle back and get comfortable?"

"I said Marlboro," answered Binkie. "Weren't you listening?"

"A full-flavored smoke is Marlboro," declared Binkie.

"Rich tobacco, pure white filter, a choice of pack or box. What is better than a Marlboro?"

"A Marlboro and a match," replied Binkie. "Got one?"

Binkie had, and so they lit their good Marlboros and settled back and got comfortable and proceeded to celebrate.

"First of all," said Binkie, "we are going to avoid all the old clichés. We will have no domestic comedies, no westerns, no private eyes, no deep sea divers, no doctors, and no lawyers."

"Right!" said Binkie. "Something offbeat."

"That's the word—offbeat," said Binkie.

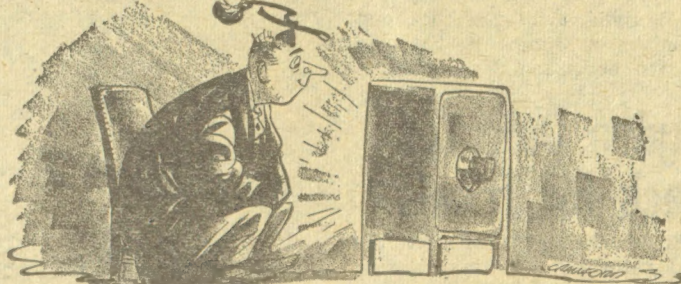

They smoked and celebrated.

"You know," said Binkie, "there has never been a series about the Coast and Geodetic Survey."

"Or about glass blowers," said Binkie.

They fell into a long, torpid silence.

"You know," said Binkie, "there's really nothing wrong with

A cowboy, a deep sea diver with a law degree plus an M.D.

a cliché situation—provided, of course, it's offbeat."

"Right!" said Binkie. "So let's say we do a series about a guy who's a family man with a whole bunch of lovable kids who play merry pranks on him."

"Yeah, and he's also a cowboy," said Binkie.

"And a deep sea diver," said Binkie.

"With a law degree," said Binkie.

"Plus an M.D.," said Binkie.

"And he runs a detective agency," said Binkie.

"Binkie," said Binkie to Binkie, "we've done it again!"

They shook hands silently, not trusting themselves to speak, and lit Marlboros and settled back to relax, for Marlboro is a cigarette not only for celebration, but for settling back with—in fact, for all occasions and conditions, all times and climes, all seasons and reasons, all men and women.

Indian Baseball Club Seeks Second and Third Victories

—Photo by Dennis Waterman.

Is he out or safe? He was safe as the ball got away from Omaha U. First Baseman Ken Allen in the opening game of the 1962 baseball season against South Dakota, last Tuesday.

Omaha University's baseball club will be after its second and third victories of the young season in two nine-inning contests against South Dakota State today and tomorrow.

The Indians grabbed a 3-2 win over South Dakota University in the season opener Tuesday.

Starting time for today's game will be three o'clock with tomorrow's contest starting at one.

The two clubs split in two games last year.

In the opener, the Indians managed only four hits but one of them, a triple by Don Gruidel, was the deciding blow in the ninth inning. Gruidel's long blast to center scored Pinch-hitter Wayne Backes after he had forced Ray Fehrman who had singled ahead of him.

OU's first two runs came without a hit in the third inning on a sacrifice fly and a balk steal.

The Indians were held hitless by two South Dakota lefthanders until the seventh inning when George Casper laced a single up the middle.

The Dakotans tied the contest in the ninth on a dropped fly ball and a throwing error.

OU Coach Virgil Yelkin used four hurlers in limiting the Dakotans to four hits. Mike Coughlin started and was followed by Frank Pecha, Steve Lipman and Barry Miller. Miller went the last three innings allowing no hits while striking out seven in earning the win.

The Indians will meet St. Cloud Teachers of Minnesota Tuesday in two seven-inning contests.

Ogden Only Vet Back for Tennis

Senior Robert Ogden is the lone returning letterman during Coach Ernie Gorr's first year as OU tennis mentor.

Other team members are Dick Collins and Mike McColley of Omaha North, Tom Frasier of Benson and George Fraser of Westside.

1962 tennis schedule:

April 9 at Midland, April 13 Creighton at Omaha, April 17 at Doane, April 18 at Washburn, April 23 Iowa State at Omaha, April 26 Nebraska at Omaha.

May 1 Doane at Omaha, May 4-5 CIC Championships at St. Benedict's, May 9 Drake at Omaha, May 11 at Creighton, May 15 at Nebraska.

Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

Girl watchers are honorable men

LESSON 6-Who may watch

Any male is eligible to become a girl watcher. There is no age limit, although most girl watchers are over ten and under one hundred and four. There are no height or weight requirements, although taller men enjoy an obvious advantage at crowded parties. The only strict requirement is one of character. The girl watcher is a man of

honor. Since he can't possibly take notes, as the bird watcher does, we must rely on his word. Therefore, when an experienced girl watcher tells you he saw nine beautiful girls while on his way to class, he saw nine beautiful girls. And when he tells you his Pall Mall is the cigarette of the century, believe him. It is.
